Research Paper

During the 1930's, life was hard for those who lived in the Dust Bowl. Families had little income and were threatened by dust storms almost every day. Based on my knowledge of the phenomenon and pictures that I have found... (finish the thesis statement).

*** Please note that the above opening lines meet the rubric requirements that follow below.***

Accuracy of facts – Happened during the 1930's and dust storms happened almost every day.

Organization – Has a flow of writing that makes sense.

Quality of information – Some basic knowledge (attacked by dust storms often) and non-basic knowledge (families were suffering from low income).

(40 words)
