

Harvey Girl Rules Activity

Directions:

As a class read and discuss the different rules that all Harvey Girls had to follow. Which ones would be hard for some to follow? Which ones would be easier?

After, students will form groups of 2 or 3 and use what they have learned from the Harvey Girl Rules. Each group will create a list of their own rules for how to “get along” at school or at home. Each will then present and discuss their rules with the class when finished.

Harvey Girl Rules

1. *Must be single the length of the contract.*
